Bite-size brilliance. Real-world results

IdeaStream is the CPD platform where great teachers and school leaders share their proven ideas, methods and innovations, so you can strengthen your curriculum and transform classroom standards in your school. Packed with on-demand videos and interactive live events, IdeaStream gives you inspirational, practical and actionable insights from people who've done it before, and done it brilliantly.

One membership gives all your staff access to:

A growing video library of carefully selected talks, so you're only learning from the very best of what other schools are doing

On-demand talks that are all 20 minutes or less, condensed to actionable strategies only - no fluff

Regular streamed live events that allow you to get instant answers to your questions from our teachers and school leaders

Downloadable summaries for every single talk so you can refresh your learning frequently and get buy-in to roll out the ideas more easily

Our talks cover:

- > Curriculum leadership and design
- > Leadership and culture
- > Teaching and learning
- > Parental engagement
- > Workload and wellbeing
- > Inclusion
